

Scottish Youth Football Association

Trialist Registration Form

All teams must inform their league secretary of their aim to play a trialist by providing this form at least 2 days before the fixture.

A copy of this form should also be provided to the referee alongside the teamline.

Fixtures on COMET allow for trialists to be added to teamlines, provided you register the player to the club as a trialist at least 2 days before the fixture.

There is no requirement to provide this form if the player is added to a COMET teamline.

The Scottish FA have committed to approving trialists on a Friday afternoon provided they are uploaded that morning or earlier.
